

Call for Abstracts: Georgia Section ITE and ASHE Georgia are now accepting abstracts for the 2026 Winter Workshop. This year's working theme for the workshop is...

Building your **Transportation** Toolbox

While abstracts on all **transportation**-related topics will be considered, the goal of the Winter Workshop is to provide a technical program that encompasses a broad range of **traditional** and **innovative** topics with an emphasis on the following focus areas:

1. Alternative Intersections Design and/or Case Studies
2. Big Data/AI driven decision-making and Cybersecurity in transportation
3. Bridge design: Accelerated Designs; Resiliency Planning; Multimodal Accommodations
4. Community-Based Planning/Design in Transportation Case Studies
5. Connectivity and Last-Mile Solutions in Transportation
6. Design and Planning options for operational improvements
7. Drainage and Erosion Control Design
8. Green Infrastructure and Climate Resilience in Transportation
9. Multimodal Transportation and Traffic Operations Design
10. OpenRoads Designer Advanced Modeling and Virtual Reality
11. Project Challenges and Solutions and/or Case Studies
12. Project Delivery – Alternative, Digital, and/or 3D
13. Safety Considerations during Design and Construction
14. Social and Environmental Equity in Transportation Planning
15. Soft skills: Public Speaking, Networking, and Relationship Building in Transportation
16. Soft skills: Understanding the bigger picture of task assignments
17. Traffic Operations Design and Implementation
18. Travel Demand Modeling and Microsimulation
19. Updates on Long Range Projects, Funding, and the Future of the Industry
20. Vehicle Electrification and Infrastructure Design

Submittals should contain the following:

- Title of Presentation
- Brief Abstract/Summary explaining the Subject Matter (250 words or less)
- General area or topic of presentation from list above
- Name, Phone and email of Presenter(s)

Please submit your abstracts by December 19th, 2025, at: [2026 Winter Workshop Abstracts](#)
