TRANSFORMING THE PARADIGM

2022 Georgia ITE Summer Seminar

Greetings GAITE Friends, Families, and Guests,

Welcome back to St. Simons! I am extremely delighted to welcome you to the 2022 Georgia ITE Summer Seminar, our favorite professional event of the year, first full-blown conference since 2019! With so many changes around the world and in the transportation industry, **Transforming the Paradigm** has been chosen as the theme of the conference this year. With emerging technologies and newer ways of thinking, we have tremendous opportunities ahead of us to further improve quality of life of the public and our communities by providing safe and efficient mobility, connecting people and goods to places and opportunities in an equitable and environment-friendly manner.

Around this theme, the technical committee has put together a diverse and fascinating program beginning with our Keynote speaker, Clyde Higgs, CEO & President of Atlanta BeltLine. Other program topics include electric vehicles and infrastructure, impacts of e-commerce on transportation, safety, resiliency planning, telework trends since the COVID-19 pandemic, and the Infrastructure Investment and Jobs Act (IIJA). Please refer to the back of this program for this year's complete schedule. Conference events are highlighted in blue while family events are highlighted in yellow.

This year we will continue to offer many of the family-friendly activities that make this conference so unique, including the Jimmy Roper Classic Golf Tournament, the family Corn-hole tournament, a 5K Run/Walk, kids obstacle course, Mōlkky tournament, kids sandcastle challenge, volleyball competition, and tennis tournament. The Annual John Moskaluk Scholarship Reception and Auction will begin Tuesday evening. Following the annual Dinner and Awards Banquet, families are all welcome to join us at the Dessert Social and Dance party.

Our industry and this conference are very fortunate to have so many wonderful companies working in Georgia. I would specifically like to thank the companies who have chosen to support this year's conference through sponsorships and exhibits. Summer Seminar would not be possible without the support of the companies listed throughout the pages of this program. I strongly encourage you to take some time over the next few days to thank these companies and their staff. Sponsorships from this conference help GAITE fund activities throughout the rest of the year and provide so many opportunities to our members.

Last but not least, I would like to thank so many friends and volunteers that make this conference amazing every year. Without their time and dedication, simply nothing would have been possible. There are countless people that stepped up throughout planning and during the event to help out where they can, but please see the list of conference committee members on the following pages and know that they worked tirelessly to make our experience a great one. Thank you, all of you, for your contributions large and small!

On behalf of the Planning Committee, I sincerely hope that you and your guests have a fantastic time throughout the 2022 Georgia ITE Summer Seminar. We thank you for attending, and hope that you enjoy your time at this year's conference. If there is anything that would make your experience more enjoyable, please let us know.

Sincerely,

Christy M. Jeon

Frequently Asked Questions

What is the dress code? Summer Seminar is generally a laid-back conference with a relaxing atmosphere so there is really only one rule, no ties. Casual (jeans, shorts, khakis, skirts) apparel is just fine for all functions except Tuesday evening's scholarship reception and the banquet which is business casual. Most moderators and presenters will opt for business casual apparel but will often change quickly after their session.

Are there any hospitality events? There are multiple planned and impromptu hospitality events throughout the week. Generally these are held nearby the K&P and are after the scheduled Summer Seminar Program for the day. Georgia ITE does not maintain a list of these events, but please see exhibitors at their booths, review the ads in this Program and ask around for more information about specific events.

Will the presentations be posted online? Yes. The decision to make a presentation available for public download after the conference is up to each presenter but many choose to make them available on Georgia ITE's website. To download presentations, go to the Summer Seminar page at www.gaite.org after August 1st.

How do I get my PDH certificates? PDH certificates are available at the conclusion of each session. The moderator will announce the location of the certificates during each session. After the session, certificates for that day will be moved to the registration table. Please be sure to pick up your certificates during the session as Georgia ITE is unable to send out certificates after the conference. For virtual participants who registered for the conference, PDHs will be emailed individually for the sessions participated.

Frequently Asked Questions (Cont'd)

What food is included for attendees and guests? Breakfasts are provided for conference attendees each morning. Additionally refreshments are provided during many breaks for conference attendees. Dinner is provided for both attendees and registered guests on Sunday and Tuesday evenings and there will be a dessert buffet provided for registered attendees and guests on Tuesday evening. Meal tickets are included in your registration packet and will serve as your admission ticket to that meal. Lunch is on your own but see Pages 38 and 41 for some great local options.

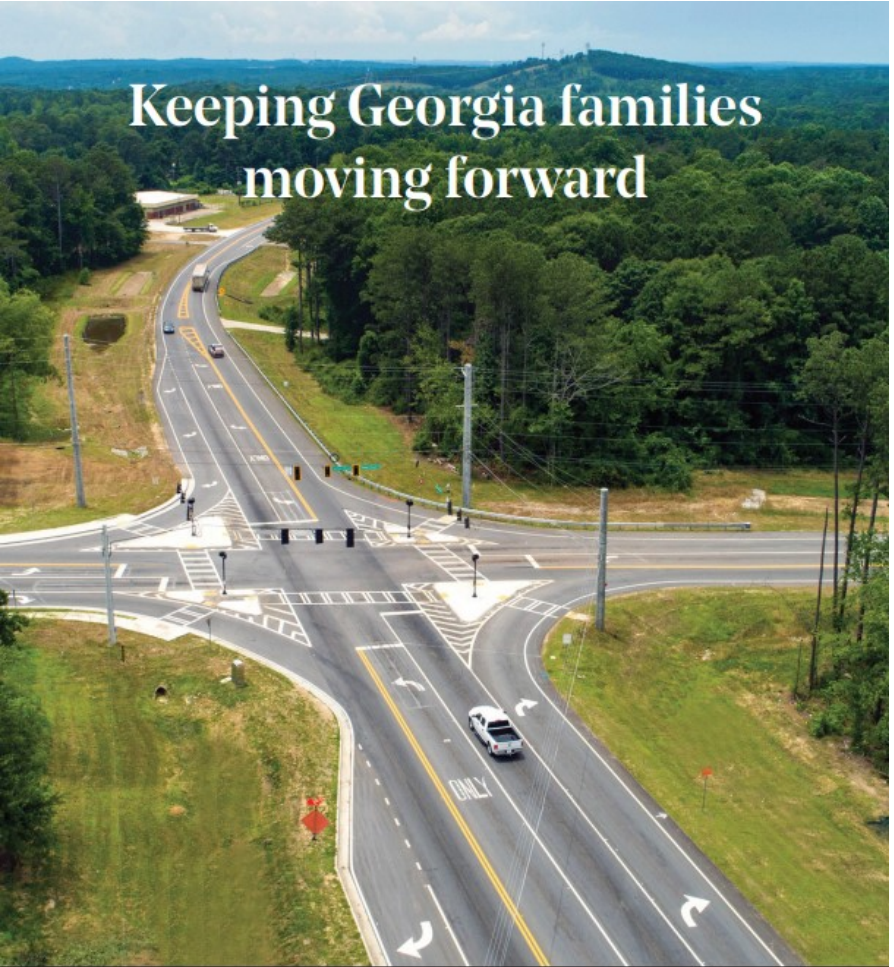

When is Summer Seminar 2023? Already scheming on attending this amazing conference next year? Summer Seminar 2023 is scheduled for July 16-19 at the King and Prince.

I loved this conference, how can I get more involved in ITE on a monthly basis? Georgia ITE is an amazing organization with a strong commitment to the transportation industry and a family atmosphere. We'd love to have you become more active. The single best way to get involved is to volunteer for a committee. To do this, reach out to any of the Georgia ITE Board Members, talk with the volunteers at the registration table, or visit www.gaite.org. See Page 45 for more information on upcoming GA Section ITE activities for the rest of 2022.

I have another question/comment/concern, whom can I talk to? If the inquiry is related to Summer Seminar, please see the volunteers at the registration table or someone walking around with a "Committee" flag on their name tag. If they can't help you, they will work with Summer Seminar's leadership team to address your concern. If the inquiry is about Georgia ITE, please see the current Georgia ITE President, Christina Barry.

Short Car Ride

Palmer's Village Café (223 Mallory St) - Palmer's serves breakfast, lunch, and dinner in a quaint atmosphere. The restaurant serves home-style classics but seating is limited so go early.

Barbara Jean's (214 Mallory St) - Nestled on St. Simon's main drag, Mallory Street, Barbara Jean's offers all of the southern classics so many of us grew up on. The restaurant is casual and family friendly and open for both lunch and dinner.

Mullet Bay Seafood Restaurant (512 Ocean Blvd) - If you enjoy fried seafood, Mullet Bay is a great option. It is extremely family friendly and has a casual, laid back atmosphere. Bottom line, it has a good selection with reasonable prices.

The Half Shell (504 Beachview Dr) - The Half Shell offers a large variety of seafood dishes. Offering everything from oysters to crab cakes, The Half Shell is open for dinner only during the week.

A NOTE ABOUT CORONAVIRUS (COVID-19)

Georgia ITE is committed to the health and safety of its members. At this time, the Georgia ITE board and committees are evaluating the decision to schedule or keep in-person events already scheduled through the rest of the year. If you are not feeling well - please do not attend any in-person Georgia ITE event. Georgia ITE will continue to offer PDHs and our typical schedule of yearly events even if we are not able to meet in person. Continue to check our website for announcements and updates about upcoming section activities.

We will continue to monitor local and national public health departments and agencies for advice about any protocols to be followed by our membership, partners, and attendees.
